

## RACINE COALITION FOR FINANCIAL FITNESS

---

The Racine Coalition for Financial Fitness is a coalition that aims to help the community manage their finances with greater confidence and understanding in order to enjoy the improved quality of life that accompanies financial stability.

The coalition was created by the Mayor's Office of Strategic Partnerships in 2010 and is comprised of a number of representatives from local non-profit organizations, financial institutions, social service agencies, and faith-based organizations in the area. With three specific program pillars—a Volunteer Income Tax Assistance (VITA) program, a "Bank On" initiative, and financial education and outreach—the coalition seeks to do whatever it can to spread awareness of the importance of financial literacy.
